The Mid-Atlantic's Largest C-Store Expo and Trade Show

9th Annual MACS Expo Returns to Richmond *Country's Fastest Growing C-Store Expo*

Richmond, VA: Small business owners, mark your calendars for September 5th, 2019. The Mid-Atlantic Convenience Store Expo (MACS) is returning to Richmond at Richmond International Raceway (RIR).

130+ vendors are exhibiting at this year's Expo. MACS enables small business owners an opportunity to work with vendors outside of the setting of their day to day operations. For many, this represents an opportunity to cut through the corporate structure and speak to decision-makers in vendor organizations.

"It's exciting to have proven to the industry that small store owners matter. This is our 9th year of double digit growth in exhibitor and attendee growth," said event host and Virginia Asian American Store Owner's Association (VAASOA) Chairman, Minesh Patel. "This proves to the vendor community the big box retailers and store are not the only avenue to grow sales."

"Many vendors have been repeat exhibitors over the last 9 years," said Patel. "Through these ongoing relationships, VAASOA has engaged in major money saving programs for membership. These are programs that small stores simply don't have access to due to volume and to be frank, time to pursue contracts with vendors."

This year's Expo features, 175+ vendor booths, 9,000 invitees, and buffet lunch featuring Indian and American food at 12pm. Online registration is encouraged to avoid long lines at the walk up registration. The event starts at 10 AM Thursday September 5, 2019 at RIR.

MACS is hosted by VAASOA. VAASOA is the Virginia chapter of the larger Asian American Store Owner's Association (AASOA). For more information on the Expo or VAASOA, visit www.vaaasoa.com.

25634 Rabbitbrush
San Antonio, TX 78261
Cell: 210-601-0165
mosquitno.us

MosquitNo believes in a targeted and preventative approach to diseases that are transmitted by mosquitoes. The new line of cosmetics uses Saltidin® (Icaridin) as insect repellent ingredient, which is recommended by the WHO (World Health Organisation) and which among other things is used in the fight against the Zika virus. Prevention is better than curing. Don't let the current viruses stop you from making that long-cherished trip and go along with MosquitNo in the fight against Malaria, Zika, dengue, yellow fever and other diseases that are spread by the mosquito.
